

CURRICULUM VITAE

NAME

Jeff C. Wright

BUSINESS ADDRESS

Brown, Williams, Moorhead & Quinn, Inc.
P.O. Box 10
Sunderland, MD 20689-0010

PRESENT POSITION

Associate

EDUCATION

Master of Business Administration, University of Maryland,
December 1989. Member of Business Honor Society

Bachelor of Arts in Economics, College of William and Mary,
May 1979

NATURE OF WORK PERFORMED WITH FIRM

Mr. Wright joined BWMQ in March 2015. Mr. Wright has over 35 years of experience in the natural gas pipeline, storage and LNG industries. He has testified as an expert witness before the House Energy & Commerce Committee, Subcommittee on Energy and Power, Senate Committee on Energy & Natural Resources, as well as the House Natural Resources Committee, Subcommittee on Water and Power. Mr. Wright also represented the U.S. Government/Federal Energy Regulatory Commission in presentations on federal siting procedures to numerous foreign delegations, including but not limited to, Russia, India, Indonesia, Singapore and Mexico. During his time at BWMQ, Mr. Wright has:

- Assisted with strategic planning on numerous interstate natural gas pipeline projects, including:
 - a new greenfield natural gas pipeline;
 - a new NGPA Section 311 pipeline;
 - drafting of applications.
- Assisted with strategic planning on FERC-jurisdictional hydroelectric projects.
- Met with FERC Commissioners and officials on regulatory aspects of pipeline projects.
- Served as a regulatory technical advisor on a liquefied natural gas project in the Pacific Northwest.

PREVIOUS EMPLOYMENT

- Performed due diligence work for an acquisition of a large local distribution company.
- Consulted with a state commission on the siting application of an intrastate pipeline.
- Provided advise regarding a potential natural gas pipeline in Puerto Rico.
- Counseled natural gas pipelines on recently proposed FERC rulemakings.

Prior to joining BWMQ, Mr. Wright was employed by the Federal Energy Regulatory Commission from 1979 to 2015. Mr. Wright started his career as a Project Manager in the Office of Pipeline and Producer Regulation, which then became the Office of Pipeline Regulation and eventually the Office of Energy Projects. In 2002, he became Chief of the Energy Infrastructure Policy Group, Office of Energy Projects until 2007, at which time he became the Deputy Director of the Office of Energy Project and promoted to Director of the Office of Energy Project in 2009. He retired as Director of the Office of Energy Projects in 2015.

ACCOMPLISHMENTS

Led a staff of 340 technical professionals responsible for:

- Analyzing applications to construct and operate natural gas pipelines, natural gas storage, and liquefied natural gas terminals (for the export and/or import of natural gas).
- Licensing non-federal hydroelectric projects, the administration and compliance with the licenses, and the safety of the dams under the agency's authority.
- Overseeing the authority to site interstate electric transmission facilities under the Energy Policy Act of 2005.
- Supervised the analysis and subsequent approval of natural gas facilities between 2007 and 2015
- Pipelines: 79.8 Bcf per day of capacity, 5,789 miles of pipeline, 3.8 million horsepower of compression at an estimated cost of \$38 billion.
- Storage: 775 Bcf of capacity, 28.5 Bcf per day of deliverability, and 729,819 horsepower of compression.
- Liquefied Natural Gas: five export terminals with a combined liquefaction capacity of 9.2 Bcf per day.

- Established the Energy Infrastructure Policy Group at the direction of Chairman Pat Wood to assess energy infrastructure needs in different regions of the United States.
- Established rules and procedures to implement the federal authority to site interstate electric transmission facilities pursuant to Section 1221 of the Energy Policy Act of 2005.
- Organized and headed the triannual meetings between FERC senior staff and counterparts in the National Energy Board of Canada and the Energy Regulatory Commission of Mexico to discuss cross-border energy issues related to infrastructure and policy.
- Appointed by the Secretary of Transportation to serve on the Gas Pipeline Advisory Committee (GPAC) to the Pipeline and Hazardous Materials Safety Administration (PHMSA). The GPAC is charged with reviewing PHMSA's proposed regulatory initiatives to assure the technical feasibility, reasonableness, cost-effectiveness and practicability of each proposal. The committees also evaluate the cost-benefit analysis and risk assessment information of the proposals.
- Participated in the National Petroleum Council's reports to the Secretary of Energy in 2003, 2007, and 2011 on natural gas regulatory matters.
- Taught federal regulatory procedures for siting natural gas infrastructure, natural gas supply and demand, and federal electric transmission siting procedures at the National Association of Regulatory Utility Commissioners' Annual Regulatory Studies Program, 1999-2008.
- Represented the U.S. Government/Federal Energy Regulatory Commission in presentations on federal siting procedures for natural gas facilities to officials in Russia, India, Indonesia, Singapore, and Mexico.
- Represented the U.S. Government/Federal Energy Regulatory Commission in presentations on federal siting procedures for natural gas facilities to numerous foreign delegations at the Department of State, Department of Commerce, Department of Energy, and the Office of the United State Trade Representative as well as at Federal Energy Regulatory Commission headquarters.

HONORS

- 2015: Chairman's Executive Leadership Award
- 2013: Chairman's Medal
- 2008: Exemplar of Public Service
- 2007: Selected for Senior Executive Service

#	JURISDICTION	CASE OR DOCKET NO.	UTILITY/ORGANIZATION INITIATING PROCEEDING	POSITION	SUBJECT MATTER
Formal Proceedings In Which Jeff Wright Testified					
1	House Committee	October 29, 2013	House Energy & Commerce Committee, Subcommittee on Energy and Power	Witness	H.R. 3301 The North American Energy Infrastructure Act
2	House Committee	July 9, 2013	Technical Advisor for Commissioner Moeller during his testimony	Witness	H.R. 1900, the Natural Gas Pipeline Permitting Reform Act
3	House Committee	June 18, 2013	Energy & Commerce, Subcommittee on Energy and Power on US Energy Abundance	Witness	Regulatory, Market and Legal Barriers to Export
4	Senate Committee	April 23, 2013	Energy & Natural Resources	Witness	Hydroelectric Bills S.545 and H.R. 267
5	House Energy & Commerce Subcommittee	May 12, 2012	Energy and Power	Witness	Hydropower Regulatory Efficiency Act of 2012
6	House Energy & Commerce Subcommittee	January 25, 2012	Energy and Power	Witness	H.R. 3548, the North American Energy Access Act
7	Senate Committee	November 8, 2011	Energy and Natural Resources	Witness	Market developments for US natural gas, including the approval process and potential for liquefied natural gas exports
8	Senate Committee	March 31, 2011	Energy and Natural Resources	Witness	Bills related to hydroelectric matters, including conduit exemptions and marine hydrokinetics.
9	House Natural Resources Committee	July 29, 2010	Subcommittee on Water and Power	Witness	Investment in Small Hydropower: Prospects of Expanding Low-Impact and Affordable Hydropower Generation in the West.
